

Individuals with Disabilities Education Act (IDEA) Special Education Policy

PA Conference Schools offer limited support for students with learning, behavior, or language challenges. PA Conference Schools do not have the necessary equipment or staff to meet all potential needs of students who exhibit serious academic, physical, social, or language learning acquisition needs. Therefore, students who have serious academic, physical, social, or language needs may not be accepted at PA Conference Schools.

Should these problems be indicated after the student is enrolled, the school administration will assist the parent(s) in accessing services through the local intermediate unit such as student testing, implementation of an IEP or ISP, or intervention by the intermediate unit. If the child's discovered needs are unable to be met, PA Conference Schools reserves the right to request or require the student to be transferred to a school or program where assistance is available.
